All three sizes of the **Slim Pro Series** panels are available in either Timber Brown or Poplar Gray. All are 1.375" thick. Just like the **Old Style** and **Elite Series** of **SmartBark**, the **Slim Pro Series** can be used inside or outside of your home or business. All three sizes of **Slim Pro Series** panels feature easy and fast installation.

*Danny Heatherly in the BarkClad showroom*

**SmartBark** is available exclusively through BarkClad, a leader in the natural bark industry, which means you can count on a best-in-class product and exceptional customer service.

# OLD STYLE CHESTNUT

New is GREAT, but sometimes an old and proven design is best

The Old Style Chestnut is a replica of a 100 year old original shingle of the historic American Chestnut Tree. The New Rainscreen Design...
